BETWEEN MOVEMENT AND ESTABLISHMENT: ORGANIZATIONS ADVOCATING FOR YOUTH (PAPERBACK)

Stanford University Press, United States, 2009. Paperback. Condition: New. New. Language: English . Brand New Book. This pathbreaking book examines the strategies, successes, and challenges of youth advocacy organizations, highlighting the importance of local contexts for these efforts. Working between social movements and the political establishment, these organizations occupy a special niche in American politics and civil society. They use their position to change local agendas for youth and public perceptions of youth, and work to strengthen local community support systems. Between Movement and Establishment describes how youth advocacy organizations affect change in a fragmented urban policy environment. It considers the different constituencies that organizations target, including public officials and policies, specific service sectors, and community members, and looks at the multiple tactics advocates employ to advance their reform agendas, such as political campaigns, accountability measures, building civic capacity, research, and policy formation. This work further examines the importance of historical, organizational, and political contexts in explaining the strategies, actions, and consequences of advocacy organizations efforts at the local level, bringing to light what is effective and why.
