Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from **Hardwicke s Science-Gossip, Vol. 16: An Illustrated Medium of Interchange and Gossip for Students and Lovers of Nature** The variety of subjects, many of them the result of original research and observation, which have been discussed in our pages during the past twelve months, and nearly all of which are contributed by amateurs, is a good indication of the mental activity of our time. Our Notes and Queries columns, and those devoted to the special branches of Natural Science are equally crowded with proofs of an active spirit of enquiry and research, in one form or another. Science is rapidly becoming a power in civilised society, although not equal perhaps at present to that exercised by Politics or Theology.
