CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 120 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. Stimulating New Concepts about God and the Role of Awareness in Science! We are not some Random Fluke of a Mechanical Universe! The statistical position of Science postulates that Life arises accidentally from inanimate matter, and that Awareness is a random effect due to perception. Science contends that we are a random fluke of nature. If you find this hard to accept, you are not alone. You are joined by a majority of Spiritual People and by a large contingent of Atheists and Scientists as well. Yet, if God did not make humankind, and if we are not just a statistical accident, then how did Life arise? The Quadrature Theorem, the mechanism of Gods Quantum, closes the gap between Physics and Faith by proposing that Awareness is the fundamental pre-existent state of the Universe. From this state springs both the religious concept of God, and the scientific concept of the Quantum Field. What is the Meaning of Life, and the Mystery of Mysteries? When we examine Life, we notice that Awareness is everywhere. Just look in the mirror! Awareness resides within so-called inanimate matter too. Awareness is The Mystery, not God, not the Quantum Field. Neither Science nor Religion can explain Awareness because it is fundamental to them both. Everything flows from Awareness and follows one simple principle called Quadrature! Using this principle, Gods Quantum takes you on a deep journey into what makes you and me and the Universe, tick. Re-uniting Science and Philosophy into a balanced understanding, Dr. Bretholts Trilogy puts Gods Quantum at your fingertips: it leads us back to a decisive understanding of who and what we truly are! It logically describes how the Quantum Realm...
