Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This is a 30 page book designed to be filled in by a student or young adult looking to learn about the calendar, holidays, and the year, while also taking a little interest in journaling. Each month has a calendar page with the month in block letters and a series of boxes, where the numbers will have to be filled in. It can also be colored and illustrated. Because the numbers have to be filled in, this works for any year. Each month also includes a lined page for writing notes, dates, assignments, or for journaling thoughts. Bonus pages include instructions, resolutions, year-end-reflections, birthday list page, and a list of common holidays and their dates. This is a great little printed book for your early writer/journalers and illustrators. Add art, vocabulary, sentences, and more! Affordably-priced, you can get one for your child at home, or possibly have parents pitch in to get them for your classroom and make it a great primary grades project! The cover is pretty much blank, too. I suggest drawing and then gluing the cover image on the front. You can also scan a drawing and print it out on a full page sticker. With a matte finish, you may be able to draw on the cover, but your results may vary. Write and draw your heart s desire upon these pages! You can have a whole year s fun!.
