Reviews

Unquestionably, this is the very best operate by any author. it had been writtern extremely flawlessly and beneficial. You can expect to like the way the blogger publish this publication.

(America Gleason)

POLITICAL SCIENCE RESEARCH METHODS, 6TH EDITION + WORKING WITH POLITICAL SCIENCE RESEARCH METHODS, 2ND EDITION

SAGE Publications Inc, United States, 2007. Book. Condition: New. Revised ed.. Language: English . Brand New Book. Increase the probability of success! Buy Political Science Research Methods, Sixth Edition and Working with Political Science Research Methods, Second Edition together and save. Specify ISBN 978-0-87289-772-4 when ordering. Political Science Research Methods, 6th Edition Don't let an introduction to research methods be your students' least favorite (and most intimidating) political science course. Relevant, timely, insightful, comprehensive, and always mindful of their student audience, the authors have revamped their popular text so that the sixth edition is friendlier and more intuitive than ever the perfect gateway to understanding not just the how but also the why behind research into politics. Covering the discipline's major methods, the authors lead students step-by-step through the logic of research design. Building block chapters on hypothesis formation and testing, variables, and measurement are right up front; the introduction to research design, sampling, and literature reviews now come with more explanation as to why a researcher would pursue different kinds of methods; the stats chapters begin with a common-sense primer that walks students through foundational ideas and practices. Throughout the text, updated examples of contemporary research problems keep readers engaged. Each chapter has bolded key terms that are also listed in a glossary at the end of each chapter and the end of the text. Helpful hints feature boxes give students nuts-and-bolts reminders they can refer to when they conduct their own research or assess the work of others. NEW TO THIS EDITION New examples of political science research in Chapter 1, including a case on judicial decision making and current research into public opinion on the war in Iraq. Expanded discussion of theory in Chapter 2, showing how competing paradigms can be applied to the same topic of study. Substantially updated discussion of survey...
