Not illustrated. 1918 Excerpt: .act as auxoamylases toward ptyalin because of their nitrogen content. As the number of free amino groups is increased by hydrolysis their activity also increases. Thus, the effect of the cleavage products of albumin and gelatin is greater than that of the proteins before hydrolysis. 9. The amino acids appear to act as auxoamylases toward the pancreatic enzyme also. Hence the amino acids produced in the intestine by digestive proteolysis will act as hormones in starch digestion and this factor should be taken into account in the study of normal digestion. Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
