You are paying much more in tax than you think you are What Everyone Needs to Know About Tax takes an entertaining and informative look at the UK tax system in all its glory to show you just how much you pay, how the money is collected and how it affects ordinary people every day. Giving context to recent controversies including the Panama Papers, tax avoidance by multinationals, Brexit and more, this book provides a straightforward explanation of tax and the policy behind it for non-specialists no accounting or legal knowledge is required. Ever the political battlefield, tax is too important for you to rely on media hype for information. It affects everyone, every day, and it pays for voters and taxpayers to know more. This book leaves aside technical detail and the arcana of the tax code to give you a real-world look at how tax works.
