Bibliogov, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The Law Enforcement Recruitment Toolkit developed by the International Association of Chiefs of Police (IACP) comprises four reports, each focusing on a different area of recruitment. The lead piece, Police Recruitment: Foundation Concepts, describes police departments changing recruitment needs, the obstacles that stand between the departments and their recruitment goals, and the strategies that some jurisdictions are using to overcome those obstacles. Each subsequent report, Recruiting for Diversity, Agency Collaboration in Police Officer Recruitment and Selection, and Community Partnerships in Police Recruitment, explores a specific approach to recruitment and provides specific examples of successes in these areas. This toolkit is one step among many in addressing the recruitment needs of the field. The issues of police recruitment, selection, and retention are critical to the advancement of community policing and the policing profession in general.
