Neuware - Essay from the year 2013 in the subject Business economics - Supply, Production, Logistics, grade: 2,0, Fresenius University of Applied Sciences Hamburg, language: English, abstract: The term of sustainability in this day and age has a paramount importance for the whole world system. The primary aim of a traditional company management is to increase profits and to reduce redundant costs. However there is the necessity to rethink of new standards due to the changes given in the global society and environment. The society's new thinking and sustainable attitude lead to the results that companies have to adapt to these changes even to archive a long-term position in the economy. At this point sustainable transport means for example an efficient utilization of transport capacity or an optimal transport routing. 24 pp. Englisch.
