

My Doctor s Hard Prescription: A Hot Romance Story (Paperback)

By Jennifer Rodgers

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Jennifer is nervous. Very, very nervous. A freshman in college, she s at first elated to have escaped the oppressive confines of her prudishly conservative family, and begin exploring her sexuality after a lifetime of being told that sex is a thing to happen only after marriage, and then primarily for procreative purposes, rather than recreational. She loses her virginity almost immediately after the start of term, and begins to go through a breakdown when she thinks despite her birth control pills that she may have missed her period. She goes to the doctor s office, where she s examined very, very thoroughly by an incredibly handsome doctor and his sexy male nurse, and the two of them decide that it s almost definitely anxiety giving her problems, and not the pregnancy that she so dearly fears. Then, they prescribe her some medication to help her get past her nervousness with sexuality- and it turns out to be a little bit less than professional as treatment.
