Excerpt from Catechism of Medical Jurisprudence: Being Principally a Compendium of the Opinions of the Best Writers Upon the Subject; With a Preliminary Discourse Upon the Importance of the Study of Forensic Medicine; Designed for Physicians, Attornies, Coroners and Jurymen I have preferred the catechetical method of conveying information in this treatise, as it is more brief, and it will not subject the reader to enter into a very minute analysis of all the facts embodied in the work. He who wishes to ex amine the subject critically, is referred to more elaborate works upon it. When called upon the stand, it is by answers to interrogatories that we are to sustain our principles in the evidence given in by us. To render the work intelligible to all for whom it is designed, a glossary, or explanation of scientific terms, has been added.
