Mad Lavender is Book Two in the Sanctuary series which follows the now grieving family as they begin to search the fantasy realm for their lost mother. They use the best of what makes them human- persistence, guile and love along with a heavy dose of sarcasm to find their way into the elf world. They learn more than they had ever wanted about elves and the life cycles of dragons. This includes how very much dragons would love to return to the good old days when eating people was perfectly acceptable. Chaos, mayhem and war are the inevitable result. We are talking about teenagers aren't we? Yes, then, that's what you might expect when they involve themselves in such shenanigans. Once again, the family teaches the fantasy realm a thing or two about love, loyalty and the judicious use of swear words. This item ships from La Vergne, TN. Paperback.
