VISUAL COMMUNICATION

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The purpose of the research reported in this book was to find out the use of visuals and animation for developing an effective user interface design. It has been realized that there is a strong need for voice support, text and 3d animation for the effective user interface design to put the system highly utilizable and practicable. We have used Autodesk MAYA software learning edition to develop the multimedia learning system. This research examines the usability of multimedia learning system improvement with the help of usability analysis checklists. The ultimate objective of this study is to bring out the user's understanding level and comforting level as well as satisfaction level due to the presence of visuals, animation and attractive graphics for a multimedia learning system. | Format: Paperback | Language/Sprache: english | 200 pp.
