CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 24 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. Learn Basic and Advanced Techniques on How to Roll While the rise of legal medical marijuana is rather new, the ideas behind the medicinal properties of cannabis have been around for centuries. If you know any older smokers, chances are you have noticed that they may prefer joints or doobies to some of the newer methods to smoke cannabis, such as bowls, water pipes, and blunts. This preference may come from a long history of joint smoking or it may be because joints are convenient to carry and usually (if they are rolled right) they only have to be lit once. Unfortunately, not everyone knows how to roll a quality medical cannabis joint. The problem, in most cases, is the rolling technique. A joint that is too tight will be almost impossible to hit, while a joint that is too loose will run and waste your weed. The good news is that proper rolling techniques can be learned. By the time you have reached the end of this short, to-the-point book, you will have all of the knowledge needed to roll a quality joint. You will find that this book is separate into two chapters. In the first, you will learn all the basics for joint rolling with a few basic tips to help you out. In the second, you will find advanced rolling techniques for when you are ready to test your skills, impress your friends, or enjoy multiple strains of cannabis out of the same joint without mixing them. This item ships from La Vergne, TN. Paperback.
