By Rick Beaver

JESSICA KINGSLEY PUBLISHERS, United Kingdom, 1996. Paperback. Condition: New. Language: English . Brand New Book. `As the author says himself the methods and perspectives are not new, but what this book does is to raw all these strands together, thereby bringing both a useful theoretical perspective as well as practical strategies to the day-to-day work of an educational psychologist. This is an important book which should be read by any educational psychologist who is looking for ways in which to enhance their work with children and adults and which is also likely to be of value to others working with schools and families, where the focus is on achieving beneficial change on behalf of young people. - Child Language Teaching And...
