Now their descendants struggle with rising infertility, infant mortality, and mysterious birth defects for which no cause--or cure--can be found. Reproduction has become essential, and those who cannot produce children are scorned. Anais, a brilliant female doctor born with inexplicable physical abnormalities, falls victim to this severe treatment. But then comes a startling revelation during an examination of a remarkably preserved corpse, a member of the planet's long extinct native race. With horror, Anais discovers that the ancient creature has deformities nearly identical to her...
