Inner Traditions Bear and Company, United States, 2000. Paperback. Condition: New. Language: English . Brand New Book. The first book to explain how feng shui developed from the Taoist systems of astrology, yin and yang, and the five elements. * Provides a background on Taoist philosophy to help readers better understand the principles of feng shui and how to use them properly. * Helps readers improve home, business, garden, property, neighborhoods, and much more. Once a background in Taoism is established, readers can better understand the philosophy behind concepts such as choosing the best colors for each room of the home, room-by-room furniture placement, yin and yang balance, correct lighting, outdoor landscaping, the function of hallways and entrances, and the proper use of mirrors, crystals, fountains, and other feng shui tools. With in-depth examples from the author's private feng shui practice, Taoist Feng Shui can help all readers transform their personal environments to create peace, harmony, health, wealth,...
