Whether you are planning a career in psychology or taking the course to gain personal insights about yourself and others, we hope that you will find this a useful and interesting course of study. This telecourse is designed to cover the concepts, vocabulary, and subjects usually treated in an on-campus college introductory psychology course typical of any two- or four-year college or university. As with a campus course, this telecourse has a text, a student study guide, tests, and assignments. But, unlike a campus course, this telecourse also includes 26 half-hour video programs. The text is Psychology, sixth edition, by Carole Wade and Carol Tavis (Prentice Hall, 2000). This book, Telecourse Guide to Psychology: The Study of Human Behavior, will direct your study throughout the course, providing reading and viewing assignments, study activities, and practice test questions. Note that each chapter of this guide begins with a list of the assignments to make it easier for you to plan your studies. Look inside the...
