Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Extent and Cost of Weed Control With Herbicides and an Evaluation of Important Weeds, 1968 This publication, the fourth of a series of reports that has appeared during the last 10 years, updates the information on the extent and cost of weed control with herbicides in the United States to 1968. It also contains evaluations of important weeds. These evaluations are much more comprehensive than those in any of the three preceding publications. Thus, this publication represents the most recent evaluation of the current status of herbicide usage in all States and the important weeds against which herbicides are directed. In conjunction with summary data from the earlier publications, it serves as a prospectus of chemical weed control for the immediate future.
