SUPERCritical FLUID EXTRACTION: CORIANDER SEEDS PROCESSING

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Process optimization, chemical profile and antioxidant activity of obtained extracts | Coriander seeds have been used in traditional medicine for the treatment of various ailments. Taking into account that operational conditions may influence the chemical composition, thus optimization of supercritical extraction was performed. Influences of three different extraction parameters were explored while optimization of the process was performed by using Box-Behnken experimental design (BBD) in combination with response surface methodology (RSM). Furthermore,...

Reviews

This book is definitely worth getting. It usually will not price too much. Its been printed in an extremely simple way in fact it is only right after i finished reading this publication where basically altered me, modify the way i think.

-- **Avery Daugherty**

A high quality book as well as the font applied was exciting to read through. This can be for all those who statte there was not a well worth looking at. I discovered this ebook from my i and dad recommended this ebook to find out.
