Aldo Rossi: Prints 1973-1997: The Window of the Poet

By -

Silvana Editoriale. Paperback. Condition: New. 220 pages. This volume provides the definitive survey of the graphic work of Aldo Rossi (1931-97), reproducing 300 prints. In the 1970s and 80s, Rossi attained equal preeminence as an architect, theorist and artist, and it was in the latter capacity that his imagination took full flight. Colorful and humorous, and utilizing simple forms such as cones, cylinders and cubes, Rossis graphic output extends his vision of the city as a unified entity composed of consistent rather than unconnected structures. Rossis architectural vocabulary synthesized medieval and Renaissance precedents (most famously in his floating theatre created for the 1979 Venice Biennale) in a manner that led him to be tagged a postmodernist in the 80s, especially in the US where he taught for many years at Yale and Cornell, and erected buildings in Pennsylvania, Florida and Texas. As the work of Rossi and his generation receives renewed critical attention, this volume celebrates one of the postwar eras leading architectural imaginations. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

Reviews

A top quality publication and also the font employed was interesting to learn. It is really simplistic but excitement within the fifty percent from the book. Its been designed in an remarkably basic way in fact it is only following i finished reading this pdf where in fact changed me, modify the way i believe.

-- Rachel Stiedemann

It is not difficult in go through easier to understand. It normally fails to price too much. I am very happy to inform you that this is actually the greatest ebook i actually have read through within my personal lifestyle and can be he best publication for ever.
