

Chimneys And Flues - Domestic And Industrial

By Percy L. Marks

Read Books, United Kingdom, 2008. Paperback. Book Condition: New. 212 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****.PREFACE, The author trusts that this little handbook will fill a gap in the literature associated with the subject of Heating and Ventilation, though it will be recognised that the treatment of these two all-important subjects is not the direct purport of the present work. For, in the aspects of supplying heat in the one case, and of renewing the supply of air in the other, there is, indeed, no lack of books, but a work specifically dealing with the conduits for conveyance of the products of combustion from the grate to the external air seems to have long awaited production. And even now, far from any claim being advanced, that this book has the quality of exhaustiveness, it must be emphasised that it is to be regarded in no other light than as being an introduction only to the subject of ilue treatment. Its main value should prove to lie in the selective process pursued as regards what scientists and practical exponents have had to say on the subject. and this being so, it is the...
