Sunstone Press. Paperback. Condition: New. Susan Berkenfield (illustrator). 112 pages. Dimensions: 8.8in. x 5.9in. x 0.7in. According to Barbara Berkenfield, when my first book of poetry *Driving Toward the Moon* was published in 2005, I never thought to add Volume I because it never occurred to me that there would ever be enough material for a second book. But here it is, proof that wonders do never cease, with a selection of poems written during the past three years. It is often said that a second effort is never as good as the first, when an author has the advantage of drawing on a wealth of ideas and material germinating for many years. In spite of this concern, I hope my second collection will once again evoke the pleasure of common memories, as well as the pain of certain world events which should never be forgotten. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
