

Stroke Restoration: Functional Movements for Patients and Caregivers

By Yaffa Liebermann

Prime Rehabilitation Services, Inc., United States, 2009. Paperback. Book Condition: New. Kate Soko (illustrator). 211 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Contributors: Author: Yaffa Liebermann, Physical Therapist, Geriatric Clinical Specialist, and Board Certified by the American Physical Therapy Association (APTA), CEO of Prime Rehabilitation Services, Inc. Illustrator: Katie Soko Editor: Alison Cohen About the Book: This 74-page clinical book is written in a user-friendly format with colorful, easy-to-follow, illustrated functional exercises. It is intended for therapists to utilize during treatment in the care environment (hospital, outpatient, nursing home, assisted living, and home) in order to demonstrate, practice and teach proper techniques. It then becomes a familiar tool to use upon discharge from the skilled therapy program for both the patient and the caregiver. The explanations and colorful illustrations provide the patient and care givers with visible and achievable goals which they can use as a practice guide. The book relates primarily to a brain attack that affects the strength and sensation of one side of the body, and it focuses on a few basic aspects of body motion: Trunk control Stabilization, strength, and flexibility for the bodys core structure, followed by arm and...
