It s high time that the rest of the world knew more about this colossus. In this book, you ll discover: How the Chinese are not just different but also very peculiar in so many aspects like beliefs and personality. How China has been undergoing a major internal transformation, including a sex revolution. How the Communist Party of China maintains total control of the country. How China has carried out the biggest heist of Western intellectual property, and crippled the US economy. How China s leaders are using The Art of War to defeat America, and conquer the world. The book is very informative, full of vivid illustrations, and the result of years of research by an author who lived in China, speaks Chinese, and is very familiar with the intricacies of modern China.
