While they still prove to be a menace when they are found in massive herds numbering in the hundreds of thousands if not the millions, it is now the living that can be the most terrifying. Humanity is clawing to regain its place, and some will do anything to ensure their own survival. . . even at the cost of others. The world is a wide open place and lawlessness abounds. The fate of civilization hangs in a delicate balance. With nobody looking over your shoulder, would you choose good. . . or evil The choices made by a few could mean the end of hundreds of lives and reduce the chances that man will outlast the zombie in a world without order.
