*A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).*

Oxford University Press, United Kingdom, 2013. Hardback. Book Condition: New. 250 x 178 mm. Language: English . Brand New Book. The Oxford Handbook of International Human Rights Law provides a comprehensive and original overview of one of the fundamental topics within international law. It contains substantial new essays by over forty leading experts in the field, giving students, scholars, and practitioners a complete overview of the issues that inform research and a map of the debates that animate the field. Each chapter features critical and up-to-date analysis of the current state of debate and discussion, assessing recent work, and advancing the understanding of all aspects of this developing area of international law. Addressing all aspects of international human rights law, the Handbook consists of over forty chapters, divided into seven parts. The first two sections explore the foundational theories and the historical antecedents of human rights law from a diverse set of disciplines, including the philosophical, religious, biological, and psychological origins of moral development and altruism, and sociological findings about cooperation and conflict. They also trace the historical sources of human rights through comparative and international law by conducting a case study of the anti-slavery movement. Section III focuses on the law-making process and certain categories of rights. Sections IV and V examine the normative and institutional evolution of human rights, and discuss its impact on various doctrines of general international law. The final two sections are more speculative, examining whether there is an advantage to considering major social problems from a human rights perspective and, if so, how that might be done. Section VI analyses several current problems that are being addressed by governments both domestically and through international organizations, and issues that have been placed on the human rights agenda of the United Nations, such as state responsibility...
