THE WARDEN THREAT

Createspace, United States, 2012. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.This lighthearted parody is a unique book, a counter-fantasy that pokes a fair amount of good-natured fun at the serious tone and dependence on magic common to many epic fantasy adventure genre novels. With its charming and truly likeable characters, witty, intelligent humor, and prose style blending humorous science fiction and epic fantasy elements, The Warden Threat is a delight. It is sure to appeal to readers of these genres who may be looking for something fresh and different. Prince Donald, the idealistic third son of the king of Westgrove, believes he may be the only one able to protect his country from an invasion spearheaded by an ancient and massive magical stone warrior known as the Warden of Mystic Defiance. Donald, unfortunately, is woefully unprepared. His only real understanding of such things comes from his reading of adventure stories. When he finds an ancient scroll he believes may allow him to take control of the mysterious Warden, he eagerly takes on the task. He dreams of saving the kingdom and becoming a hero like those in his epic adventure stories. To his dismay, his quest turns out to be nothing like he imagined. He finds the stories in his library seriously understate the complexities and hardships involved. He also soon realizes that the real world can be much more confusing than fictional ones, and that the hero is not necessarily predestined to save the day.
