THE SCIENCE OF ECONOMICS

Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. The Science of Economics is a complete and thorough presentation of the principles of economics. Integrating various schools of thought (classical, neoclassical, Austrian, Georgist), this full-spectrum treatise on economics delivers a comprehensive yet concise education in economics. Readers will learn how to analyze issues and formulate remedies for our social problems. The Science of Economics delivers a depth, breadth, and fervor for social progress that is rarely found in other economics books. The Science of Economics covers a multitude of topics in economics, including: The foundational premises of economics. The ethical basis of a market economy. The significance of the three factors (land, labor, and capital goods). The time origin of interest.
