Excerpt from The Geological Magazine, or Monthly Journal of Geology, Vol. 1: With Which Is Incorporated the Geologist ; January December, 1884 It would be extremely interesting to study these faulted masses in the field, and to trace the connection between the deformations which they have suffered and the more powerful earth movements that have affected the rocks. Until this has been done, there are many points that must of necessity remain more or less obscure. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
