Emereo Classics, Australia, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The plot is familiar: Captain Nemo, an enigmatic figure who has withdrawn himself from the world, tours the oceans in his submarine called the Nautilus. We see this journey of 20,000 leagues (approx. 43,200 miles) through the eyes of Professor Pierre Aronnax, a scientist who is both Nemo's guest and prisoner. Also aboard with Aronnax are his manservant Conseil and a gruff ship's harpooner, Ned Land. The Nautilus encounters many wonders and obstacles on its long voyage: underwater forests, giant clams, attacks by huge squid, imprisonment in ice at the South Pole, monster storms, a war with a pack of sperm whales, and the discovery of the lost continent of Atlantis. But as something deep and destructive gnaws away at Captain Nemo, his prisoners seek a way to escape from the miracle ship. In the English-speaking world Jules Verne has rarely received in the praise he truly deserves as a writer. People applaud his scientific foresight (while criticizing him for errors that were usually the fault of the translators), but shrug off his writing as inconsequential, with cardboard characters and plotless stories. If only these critics would read this translation of Verne's best novel, they would have to re-think their position on the great French writer! His genius for blending adventure, comedy, and psychology burst through in this translation. The book does veer into lengthy descriptions of marine life in places, and modern readers are likely to skim these parts (Verne even provides clues in the text to indicate when he's about to digress), but as a whole the novel is absolutely engrossing, throwing one stupendous adventure after another at the characters, while developing a mystery around Captain Nemo...
