Brand New Book ***** Print on Demand *****.For Harry Watt, Bounty Hunter, simply doing what he s told was never an option. When the best hydrologist on Earth goes AWOL after first helping himself to some company funds, Judge Headlock, Harry s employer and nemesis, instructs him to bring back the runaway to face justice. A trip to Mars onboard one of the new ships with the StrateLine Drive sounds like fun, but Harry soon discovers something stinks about this job, and it s not one of his socks. He realizes he must first travel to Venus Station, but it s not easy to be in two places at once. And getting framed for murder doesn t help matters. So with the help of his dead partner, an erstwhile assistant, and a host of lady friends, Harry embarks on a rip-roaring ride through the Solar System in a bid to prevent a Martian civil war, and maybe earn a few credits along the way.
