Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This volume consists of notes, themes, and sketches for works which Anton Chekhov intended to write, and are characteristic of the methods of his artistic production. Among his papers was found a series of sheets in a special cover with the inscription: Themes, thoughts, notes, and fragments. Madame L.O. Knipper-Chekhov, Chekhov's wife, also possesses his notebook, in which he entered separate themes for his future work, quotations which he liked, etc. If he used any material, he used to strike it out in the note-book. The significance which Chekhov attributed to this material may be judged from the fact that he recopied most of it into a special copy book. Anton Pavlovich Chekhov was a Russian physician, dramaturge and author who is considered to be among the greatest writers of short stories in history. His career as a dramatist produced four classics and his best short stories are held in high esteem by writers and critics. Chekhov had at first written stories only for financial gain, but as his artistic ambition grew, he made formal innovations which have influenced the evolution of the modern short story. His originality consists in an early use of the stream-of-consciousness technique, later adopted by James Joyce and other modernists, combined with a disavowal of the moral finality of traditional story structure. He made no apologies for the difficulties this posed to readers, insisting that the role of an artist was to ask questions, not to answer them.
