

New Testament Illustrations.

By JONES, C. M.,

Condition: New. Cambridge University Press, 1966. 192p. Paperback. Series: Cambridge Bible Commentaries on the New Testament. Great care is being taken to see that the commentary is suitable to the student and the layman: there is no Greek or Hebrew, and no strings of biblical references, but the commentary does convey the latest and best scholarship. The general editors all have experience of teaching or examining in school and working with adults. In addition to this volume of maps and plates, New Testament Illustrations, there is also a general introductory volume, Understanding the New Testament. (Publisher's...
