PERSONAL PROTECTIVE EQUIPMENT The intent of this section is to provide background information about the function of PPE, the components of personal protective ensembles, and the levels of protection provided by PPE. 2. 1 The Purpose of Personal Protective Equipment (PPE) The purpose of personal protective clothing and equipment is to shield or isolate individuals from the chemical, physical, and biological hazards that may be encountered during hazardous materials operations. During an emergency response, it is not always apparent when exposure occurs. Many toxic materials pose invisible hazards and offer no warning properties. PPE must be worn whenever the wearer faces potential hazards arising from toxic exposure. Many activities associated with emergency operations that may require the wearing of PPE are presented below: Site Survey: Individuals conducting an initial investigation of a hazardous materials incident accident site. These situations are usually characterized by...
