

Knowledge and Effective Curriculum (Paperback)

By Dr Avtar Singh Rahi

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Academic Knowledge Construction and Multimodal Curriculum Development builds a conceptual and political foundation that supports multimodal practices in education. It frames practical conversations with philosophical and theoretical concerns regarding the use of digital technologies in educational processes. Knowledge is synonymous with information and that accessing information equals learning. This book challenges such thinking. Thinking and means of thinking and rethinking affect teachers and students, and influence curriculum. Education, knowledge and thus this book, involves lived experiences of learning. Innovations and change impact teachers, learners and curriculum. As educators increasingly incorporate newer technologies in the administration, planning and implementation of instructions, revision of curriculum is obvious. Newer applications sharp thinking, imagination, sensing, observation and implementation continuously, newer forms of information and knowledge are to germinate. Broadening and widening of created knowledge will likely, force to improve curriculum. Curriculum change is evident, in this scenario but what may be the effective and valuable curriculum, this is a very eminent question stationed before us. This book explores shifts in teaching and learning, in this enlightening age of information and knowledge. By examining pat-terns and...
