Tiny House: 15 Great Storing Ideas Expressed in Compact Design + 2 Detailed Plans to Make Them Your Own(FREE Bonus Included) It seems in this modern world that we all have more things than we have the space to keep them in. It seems as though the items we need have gotten bigger while our houses or apartments have gotten smaller, and we run into the dilemma of storage over and over again. How are you going to keep everything that you need nice and organized and still have room to function in your home? How are you going to keep your bike safe and sound and know that no one is going to disturb it when you only have a studio apartment and very little room at that? What about the garage. Everything that you have to fit into there and still have room to keep your car and other items safe and out of the weather. it feels like an impossibility when you look at the things that you own and the space that you have to keep it all in. That is where this book comes in. you are going to find practical, logical, and unique storage ideas that are going to help you with all of your storage problems, and keep your things safe and sound out of any of the weather conditions that you may have. You won't have to worry about them getting stolen, ruined, or in the way of your life, and it is going to look good, too! Get...
