

OECD Studies on Water Water Governance in Latin America and the Caribbean A Multi-level Approach

By OECD Organisation for Economic Co-operation and Development

OECD Publishing. Paperback. Condition: New. 180 pages. Dimensions: 10.9in. x 8.2in. x 0.4in. This report addresses multilevel governance challenges in water policy in the Latin American and the Caribbean (LAC) and identifies good practices for co-ordinating water across ministries, between levels of government, and across local and regional actors. Based on the OECD Multilevel Governance Framework and a survey on water governance, the report i) maps the allocation of roles and responsibilities in 13 LAC countries water policy at central government and sub-national level; ii) identifies the main coordination gaps in terms of territorial and institutional fragmentation, funding mismatch, information asymmetry, accountability, objectives and capacity, and iii) provides a range of mechanisms to improve water governance at all levels and foster capacity-building. Table of Content : Acronyms and abbreviations Executive summary Chapter 1. Reviews

The ideal ebook i actually read through. It really is written in simple words and phrases and not confusing. Its been written in an remarkably simple way and it is just after i finished reading this ebook where in fact modified me, affect the way i think.

-- Alice Cremin

This ebook will not be simple to start on reading but very fun to learn. It generally is not going to expense too much. I am very happy to explain how this is the finest book i have read in my very own existence and can be the finest pdf for at any time.
