

The Modern Patriot: A Voter s Guide to U.S. Energy Policy (Paperback)

By Thomas G Komjathy

AUTHORHOUSE, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Have you ever found yourself thinking about any of the following questions? Are today s gas prices the result of gouging by oil companies, and will they ever return to normal ? Is global warming really happening, and if so, how urgent is the need for action? When, if ever, will hydrogen-powered cars become practical? Will the U.S. government allow oil exploration in the Arctic National Wildlife Refuge? What caused the blackout of 2003, and what has been done to prevent it from happening again? If the answer is yes, then you have an interest in energy policy, perhaps even without knowing it. Energy policy is arguably the most important social issue of our time, because of its profound implications for our economy, our national security, and our environment. The Modern Patriot presents an unbiased, concise, and accessible overview of energy issues facing the U.S., with the intent of developing informed consumers of energy policy who are well equipped to lead our nation into the future. Readers of The Modern Patriot will discover that: Although a hydrogen economy offers exciting potential for pollution-free...
