# An Atlas of Human Anatomy for Students and Physicians, Vol. 1: A. the Regions of the Human Body; B. Osteology (Classic Reprint) (Hardback)

By Carl Toldt

Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from An Atlas of Human Anatomy for Students and Physicians, Vol. 1: A. The Regions of the Human Body; B. Osteology The science of human anatomy is purely descriptive in its methods, the field it covers is not very extensive, and its boundaries are sharply limited; it is, therefore, one of the few sciences in which something closely verging on finality and completeness has been attained. Even, however, if no new anatomical data are likely to be forthcoming, there is yet scope for originality in the method of presentation of those data of which the science now consists; and originality of this kind Professor Toldt s Atlas of Human Anatomy exhibits in a high degree. Ln the many admirable manuals of human anatomy now extant in English, the illustrations, even when numerous, as they are often, and when good, as they are occasionally, form a mere supplement - usually a very imperfect supplement - to the text. Atlases of anatomy, and useful atlases, also exist in English, but all are quite fragmentary. Some, like the well-known and valuable, but somewhat antiquated, illustrations...
