For four hundred years, the human race has been hiding, defending, surviving against an unknown alien attack, using weapons known as rippers and smashers. Except they are not weapons, they are children--descendants of Cally Raiden--with unique abilities to rip open the space- time continuum and smash through to one moment in the future and broadcast back what they glimpse before they die. But one day, a child comes back . . with the truth. Humanity faces its greatest challenge. Can someone rise and galvanize the remaining fractured societies, or will the planet fall?.
