## CELL SURFACE PEPTIDASES: IN HEALTH AND DISEASE

Garland Science, UK, 1997. Hardcover. Book Condition: New. Dust Jacket Condition: No Dust Jacket. First Edition. Available Now. Book Description: Cells bristle with a battery of surface enzymes, of which the peptidases form the largest and best studied group. These ectopeptidases play crucial roles in many diverse biological functions, including the termination of peptide signals in the nervous system and at peripheral sites. Some of their key physiological roles, such as those of angiotensin- and endothelin-converting enzymes in generating vasoconstrictive...
