Dog Ear Publishing. Paperback. Book Condition: New. Paperback. 328 pages. Dimensions: 9.2in. x 7.6in. x 1.1in. On a farm in central Mississippi in the 1970s, the author and his family were surprised to find themselves in the middle of a hotbed of UFO activity. In 1977 the author, a scientist, turned to the book *UFOs Explained* by Philip J. Klass looking for answers, but found the explanations did not really fit. For years he drifted in indecision unable to fully come to grips with what he and his family had experienced. Knowing that UFOs were a taboo subject to most mainstream scientists, he was quite reluctant to come forward on the subject of UFOs during his career. Abandoning his concerns after retirement, the author takes the reader on a journey of full disclosure and discovery. During this journey, the author discovered that his family sightings and a number of well-known Mississippi sightings were clearly related phenomena. Further findings ultimately led the author to explore the wider world of UFOs and to discover some insights never brought to light before. B.
