

## The End Of College: Creating the Future of Learning and the University of Everywhere (Paperback)

By Kevin Carey

Penguin Putnam Inc, United States, 2016. Paperback. Condition: New. Revised. Language: English . Brand New Book. From a renowned education writer comes a fascinating examination of the rapidly shifting world of college that every parent, student and educator needs to understand. In 2011-2012, some of the world's most famous universities and technology entrepreneurs began a revolution in higher education. College courses that had been kept from all but an elite few were released to students around the world -- for free. And thanks to exploding tuition prices, a volatile global economy and some high-tech innovations, we're now poised for a total rethinking of what college is and should be. In the NEW YORK TIMES-bestselling THE END OF COLLEGE, Kevin Carey draws on new research to paint an exciting portrait of the near future of education. He explains how the college experience is being radically altered now and how it will emancipate millions of people around the world. Insightful and readable, THE END OF COLLEGE is an innovative roadmap to understanding tomorrow's higher education today.

### Reviews

*Thorough information! Its this sort of good read. It is actually written in straightforward words rather than confusing. I am just delighted to let you know that this is basically the best book we have read within my personal existence and can be the greatest pdf for actually.*

-- **Dr. Henri Crona II**

*Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.*
