Createspace Independent Publishing Platform, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. One of the biggest problems in life consists in learning how to live. After all we do not come with an owners manual or much in the way of professional training. If we learn to master the laws that govern life and prosperity, then life is easy and joyous, but if we never find the way, then life is hard and a perpetual struggle. It is like the problem of addition or subtraction for a child. When they master the techniques, all difficulty disappears, and the problem has vanished. All the problems of life, whether they be social, political, or religious, are only problems because of ignorance and wrong-living. As they are solved in the heart of each individual, they will be solved in the mass of humanity. As a race, we are at present in the painful stage of learning. We are confronted with the difficulties of our own ignorance. But as we learn to live rightly, learn to direct our efforts and use our functions and faculties by the light of wisdom, the sum of life will be correctly done, and its mastery will put an end to all the problems of evil. To the wise, all such problems have ceased. Now it is your turn to mast the laws that govern the results we get and release your inner power and become King of your mind, body and circumstance.
