Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. So it was a bucket list entry and a big one at that that needed to be ticked off before we decided to buy our grow old in it house for life. It was a few days before Christmas when I came across a sale on-line from a very large holiday company that offered the whole get there stay next to Times Square then get home package for the price I would have expected to pay for just one of us let alone both me and Wifey. With a click or two of the mouse I had booked us an early in the year holiday to the big apple and what follows is just about everything we did which was basically about as touristy as it could be so hopefully it may be of some use to someone out there if not it s an amusing yarn so please enjoy:).
