Seventh Street Press. Paperback. Book Condition: New. Paperback. 246 pages. Dimensions: 8.5in. x 5.5in. x 0.6in. Johnny Moon represents a new direction for Mike Palecek. Johnny, his schoolmates, Sister Mark and the other faculty, and a couple of workmen one of whom has been living in the basement of the Catholic school. The unlikely cast of characters are involved in an even more unlikely scenario: the boiler may actually be a time machine, the nuns aliens, and President Kennedys death may not have been the act of a lone Communist gunman. Reality mixes with the absurd and its often hard to tell the difference. Johnny didnt set out to be the leader of an underground club. He just wanted to win a physical fitness award and maybe he would get to go to the moon. The President had caught his imagination and that of the whole country. It was a magical time when it seemed that anything could happen, and probably would. Americans would lead the whole world into a wonderful new age of freedom and prosperity for everyone. Or not. The privileged and corrupt few who really run the world were just not going to let that happen. And those who saw, who realized there was something ugly underneath the facade-- those people had best keep out of sight, keep their mouths shut, hear nothing, just like those famous monkeys. Because if they did see, hear, or speak of evil, it just might come to visit them and they would probably not survive the encounter. All this is not what Mike says in his new...
