# RADIATION HARDEN DEVICES AND CIRCUITS FOR ANALOG APPLICATION

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Devices and Circuits for Analog and RF application under extreme environment | Reliability of Operating Electronic equipments on board of artificial satellites, spacecrafts, and military aircraft's in extreme environment require radiation hardening. The effects of radiation, both single event and total ionization dose on the phase frequency detector, voltage controlled oscillator, charge pump and filters for PLL application are studied. The focus is on and CMOS based technologies; however, other high performance...
