It is just one of the best publications. This can be for anyone who states that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

A HISTORICAL ACCOUNT THE POCONO REGION OF PENNSYLVANIA (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Historical Account the Pocono Region of Pennsylvania Probably the truest estimate of Penn s peace policy with the Indians is obtained by considering that he neither originated the policy nor first introduced it into practical use, but that he was the first who gave it such prominence in the establishment of the Province as to instil into it a real dynamic force. A forcible illustration of similar conditions in modern times is furnished in Mr. Roosevelt s identification with anti-trust legisla tion, for notwithstanding the fact that he neither originated it, nor did he originally enforce it, yet he so aroused the public mind on the subject at a peculiar psychological period in the history of the nation, as to practically regenerate the anti-trust policy of the government, and under President Taft s administration of law and reason it became a distinct moral question to be reckoned with by all parties.
