Excerpt from Maternal and Child-Health Services Under the Social Security Act, Title V, Part 1: Development of Program, 1936-39 Madam: There is transmitted herewith Publication No. 259, Maternal and Child - Health Services Under the Social Security Act: development of program, 1936 - 39. This bulletin covers the first 4 years of Federal and State cooperation under title V, part 1, of the Social Security Act, providing for grants to the States for maternal and child - health services. During this period maternal mortality in the United States was reduced by almost one-third and infant mortality by one - sixth. The encouraging progress that has been made gives assurance that with the expanded resources recommended by the Children s Bureau Advisory Committee on Maternal and Child Health Services and by other bodies it will be possible to provide really adequate care for mothers and children through out the Nation. The fact that physical examination of registrants under the Selective Training and Service Act of 1940 resulted in the rejection of almost half of our young men as physically or mentally unfit for general...
